Instructions to Delete Boarding Pass from Apple Wallet

A boarding pass can be deleted from an Apple wallet quickly and easily with only a few clicks. Here is a manual to assist you.

Get your iPhone's "Wallet" app started. When you double-press the home or side buttons, a screen that shows passes appears. Unfortunately, passes cannot be erased from this screen. You must use the Wallet app in its place. The only way to delete a pass is via the Wallet application. Therefore, the first thing you should do is download the Wallet app to your iPhone.
